Re: Professional Building Inspection, and Zoning Administration Services

Dear Ms. Braunschweig:

Please consider this transmittal a formal proposal to undertake professional building inspection and zoning administration services on behalf of the Village of Neosho. Kunkel Engineering Group will undertake these responsibilities in the Village just as we do for our clients located throughout Southcentral and Southeast Wisconsin.

Our firm will provide the following services for the Village:

- Issue and track permits
- Respond to telephone and email inquiries from Village staff, residents, and building contractors
- Schedule inspections on permitted activities, including, but not limited to, decks, fences, signs, accessory buildings, residential and commercial alterations, and additions
- Submit monthly inspection reports to the Village
- Property maintenance \$70/hour (when requested)
- Zoning administration at \$70/hour (when requested)
- Attend meetings at no charge to the Village (when requested)

We intend to implement an 90/10 reimbursement from permit fee proceeds in order to minimize the out of pockets costs by Village residents and taxpayers. This means Kunkel Engineering Group would receive 90% of the permit fees while the Village would retain 10% of the permit fees based on the Village's current fee schedule. See attached.

Some of the advantages of working with our firm to provide building inspection and zoning administration services include the following:

1. Kunkel Engineering Group provides mobile availability 50 hours per week with inspectors in the County to help reduce travel time and promote faster service.
2. We provide prompt inspections in order to reduce call backs and facilitate positive relationships with property owners and contractors.
3. We will maintain required certifications and credentials of residential and commercial construction, plumbing, electrical, and HVAC.
4. We will assist the Village of Neosho in legal aspects of enforcement, including investigating complaints and appearing as an expert witness (when requested).

This agreement between Owner/Kunkel may be terminated by either party without cause with thirty (30) days written notice to the other party. Fees and expenses incurred by Kunkel will be reimbursed by the Owner up to the date of termination.

We are proud of our work ethic and systematic approach to conducting building inspection services and believe the Village of Neosho will benefit from our experience. Additionally, if Kunkel Engineering Group is awarded a contract for building inspection services, we would be happy to review the Village's current building inspection fee schedule at your request.

Should you have any questions or require additional information, please do not hesitate to contact us. On behalf of Kunkel Engineering Group, I sincerely appreciate the opportunity to submit the following proposal for building inspection, and zoning administration services.

Sincerely,

KUNKEL ENGINEERING GROUP
