

PUBLIC NOTICE VILLAGE OF NEOSHO

NOTICE IS HEREBY given that August 1st, the Neosho Mill Pond will begin a process of draw down to allow for the inspection of and operation of the dam gate function, and further inspection of the concrete aggregate. This is a required inspection by the Wisconsin Department of Natural Resources. The Village will have an engineer present. The inspection is scheduled to take place during the week that follows.

If the gate fails, the Village will be required to repair or replace the gate. Stop logs have been purchased in advance.

Updates will be posted on the Village Website, villageofneosho.org and the Village of Neosho facebook page.

If you have any questions, you may leave a message at 920-625-3086 or email neoshovillage@frontier.com. If your boat is moored to your dock you will need to make arrangements.
